

Looking for a fun and different way to host a birthday or corporate social event? Rent the rink!

General Information

The following information is a guide to how our rink rentals work:

- Groups can rent the ice rink for open skate in a private setting (activities such as figure skating, ice hockey, pond hockey, curling, broomball, etc. are **NOT** permitted).
- The rental time is 3 hours and is scheduled one hour prior to normal public operating hours. This will allow groups to have exclusive use of the rink for a one-hour time period right before our normal open skate time and two hours during our open skate time on a date of your choosing (provided that date is open).
- Reservations must be made at least three weeks in advance of the requested date.
- Food and drink in the room is limited to soft drinks and desserts. Brown Dog Café is our exclusive caterer for the Community Room. Please contact Brown Dog Café regarding any questions about menu/beverage options beyond the scope of soft drinks and dessert: info@browndogcafe.com
- Maximum occupancy of a group is limited to 30 individuals, including those who are NOT skating.
- All participants are required to sign a waiver of liability before they will be allowed to skate.
- All ice rink rules must be followed during the time of your rental. Any participant not following posted rules or the direction of staff will be asked to leave the rink immediately.
- For more information please contact us at 513-745-8448.

Rate Information

The rate is a flat fee of \$350 which includes a one-hour exclusive use of the rink the hour prior to our normal open skate time, skate rental for your guests, use of the Community Room during the 3-hour rental, and a staff member to assist with your group. The ice rink can accommodate groups up to 30 participants at one time.

Inclement Weather

If the ice is not available due to inclement weather, guests will still be able to utilize that Community Room and will receive one free skate pass per guest to use at a later date. Unfortunately, we cannot offer refunds due to poor weather.

Times Available

Rentals are scheduled to begin one hour prior to our posted open skate time. Renters are permitted to arrive 30-minutes early to set up the Community Room and will have 30-minutes after the end time to clean the room. To serve our open skate time patrons best, skates must be returned to the warming tent any time the group will be off the ice for a large majority of time during our open skate times (i.e. if the group uses the Community Room for an hour to open presents and eat cake, all skates need to be returned to the warming tent during this time). Please see our rink schedule for information on availability.

*Times subject to change and dependent upon availability and weather conditions
